

MEMORANDUM

To: Degenerate GMs
From: Commissioner BlakeBro
Co-Commissioner Tony Loff
Date: August 25th, 2023
Re: New League Year

Friends, foes, fantasy owners... WELCOME to another season of Degenerate Fantasy Football!! Being Commissioner of this League has been (and continues to be) the greatest honor of my life. I don't take this job lightly... and I understand that many of you look up to me as a father-figure – someone to teach you how to succeed in life and, more importantly, fantasy football. That's why I'd like to start this year's memo by saying THANK YOU. I've been making this annual write-up for years now and honestly thought that nobody ever read them. But the way you all have completely ignored Tony Loff's pleas to update your rosters and attempts to "kickoff" the League Year has shown me that you all truly care – and for that I'm thankful. After all, he can play pretend Commissioner all he wants – but we all know the League Year doesn't start until the League Memo drops.

This past year has been a wild one. We had 3 Owners get engaged (David, Ryan, and your Commish), Mikey and his military pals let a Chinese spy balloon steal my 2023 draft strategy, TB became a dad and somehow played more golf than the year before (but will that translate to my bachelor party in Vegas), Ryan fell in love with a politician named Vivek and they're apparently very happy together, Matt decided to take Hannah's last name after her impressive championship run, Dr. Loff had Fauci decree he couldn't be held legally responsible for the ineptitude of his fantasy team, and I don't know enough about Levon's life for a fun fact... but he made a dope ass League logo, so I won't mention the fact that he STILL remains the only league owner to NEVER win a weekly scoring prize (in 3 full years). I was going to spend a ton of time talking about his mediocrity, but I'm a nice guy, so I'm not going to say anything.

Instead, I'll focus on introducing you all to the NEWEST MEMBER(s) of the DGFL: my lovely bride, Madison Carruthers, and Tony's paid actor (girlfriend) Pateel Margossian! The Fake News Media would have you believe Tony Loff secured his buddy, Harvey, to fill Mac's vacancy from last season, but Harvey decided to bail last minute – so these lovely ladies will be stepping in to co-own "Team Barbie" for the 2023 season. While they come in with zero fantasy experience, they've had the opportunity to learn from observing their handsome partners these past few years – and that's something many of you would kill for. And for those of you worried about impermissible benefits impacting the competitive balance of the League – I can assure you Madison and Pateel will have the same opportunity as anyone to sleep with their Commissioners for additional draft picks and lobsided trades. Welcome ladies!

With that, the New League Year is OFFICIALLY underway. Cheers to another year of bad picks, lobsided trades, and screaming at our televisions. Happy Fantasy!
